NUMBER 96.

## LULL IN THE DEBATE

Cuban Question Not Discussed in the Senate.

### AN ADDRESS ON FINANCE.

Senator Cockrell Delivers a Four Hours' Argument in Favor of Silver—Secretary Carlisle Criticized—Fourth Alabama Contested Election Case Settled in the House—A Few Other Bills Passed.

WASHINGTON, March 14.—The excitement of the Cuban debate gave way in the senate yesterday to Mr. Cockrell's elaborate speech, occupying four hours, on the financial question. There was a spirited reference to Cuba early in the day when it developed during an explanation by Mr. Lodge that the committee on foreign relations had received from Secretary Olney a statement by Senor Dupuy de Lamoignon, the Spanish minister, giving the Spanish view of the case. This brought a very animated suggestion from Mr. Hoar and Mr. Wolcott that the senate be put into possession of this important testimony.

Mr. Cockrell's speech was an elaborate presentation of the financial question from the silver standpoint, so much so that Mr. Hoar in the course of an inquiry stated that it was the ablest silver speech he had ever listened to. Mr. Cockrell occasionally left his arguments for very sharp personal criticisms on Secretary Carlisle. By a coincidence, also, Sir Julian Pauncefote was in the gallery when Mr. Cockrell closed his speech with the statement that if we were to be subservient to the English money interests we should "hand down Old Glory, raise the gold standard and cry aloud, 'Long live the Queen of Great Britain and the Empress of India.'"

#### Proceedings of the House.

WASHINGTON, March 14.—After two days' debate the house, by a vote of 123 to 59, inserted Gaston A. Robbins from the Fourth Alabama district and decided that his Republican opponent, W. F. Alarich, was elected and entitled to the seat. All the Republicans, with the exception of Mr. White of Illinois, and the Populists and three Democrats, Messrs. Cobb, Dockery and Dearmond of Missouri, voted for the majority report. The 59 votes against the report were cast by Democrats, with one exception.

Before the case was taken up the house passed bills granting American registers to the steamer Mattawan, requiring officers of American steamers to be citizens of the United States and repealing the laws exempting from tonnage duties vessels from countries which extended similar exemptions to our vessels.

The house adjourned over until Monday.

### SYMPATHIZE WITH THE CUTTERS.

Seven Thousand More Men Join the Strikers in Chicago.

CHICAGO, March 14.—Seven thousand men and women, members of 14 local unions of tailors, went out on strike yesterday in sympathy with the clothing cutters and trimmers. While the strike was practically brought about by the clothing cutters' and trimmers' trouble, the tailors also had grievances of their own.

They say that before they will return to work they must have an increase in wages of 25 per cent. The strike affects not only wholesale houses, whose cutters and trimmers are out, but also three of the 10 friendly firms who are having no trouble with their employees.

The cutters' union will hold a meeting to discuss the advisability of calling out all its members who are now at work. If it is done, it is expected the wholesale clothing trade will be completely paralyzed.

#### FEARING A FLOOD.

Pittsburg People Alarmed Over the Present State of the River.

PITTSBURG, March 14.—A flood is feared by the river men as a result of the heavy snow that now covers the whole western end of the state. A big gorge at Barker up the Allegheny river adds to the danger of a possible rampage of the rivers. Along the wharf the possibilities of an unusual rise is being discussed with much concern.

The subject is almost the only topic among river men, and the sun that shown out so strong on a storm-swept country seemed to give warning that the large quantity of snow on the ground would go off rapidly and with disastrous results. It is a source of consolation that no rain is in sight, as in that case a flood would be a certainty.

#### Disturbances Increasing in Crete.

LOONDON, March 14.—A dispatch from Constantinople says that the disturbances in Crete are increasing very rapidly. At Trabzon several Turks were alleged to have been murdered, and 40 Cretans were arrested and tried for the crime. The men were acquitted, but the officials prevented their release, and they are still in jail. Indignation meetings are held throughout the island daily.

#### Missing Man Hears From.

NEW YORK, March 14.—Friends of Dr. Henry La Mott, assistant surgeon in the United States navy, who was reported missing from the Brooklyn navy yard since Monday last, called at police headquarters in Brooklyn last night and stated that the missing man had been heard from by telegrams from Huntington, L. I., where he was detained by sudden illness.

#### STILL UNSETTLED.

No United States Senator Elected in Kentucky, Republicans Refusing to Vote.

FRANKFORT, Ky., March 14.—Only a small crowd had gathered at the statehouse when the two branches of the legislature convened yesterday. By 11 o'clock quite a crowd had gathered in the rotunda. This was rapidly increased every minute until 11:30, when Sheriff Armstrong, with 12 deputies, came up into the corridor. The crowd by this time had grown uncomfortably large and the sheriff mounted a chair and called on the crowd to disperse and go to the rotunda below. Many were disposed to disobey the order at first, but they were gotten down without much difficulty.

It developed that Sheriff Armstrong was acting under direct orders from Governor Bradley to clear both the second floor corridor and the senate cloakroom.

Senator Bronston offered a resolution declaring this an unwarranted interference on the part of the governor, and directing the sergeant-at-arms to prevent the sheriff from attempting to carry out any supervision over the cloakrooms. Mr. Bronston made an excited speech in support of his resolution, which caused the excitement to rise to white heat. Bronston characterized Governor Bradley as a dictator and said by his action he had forfeited his self-respect.

Senator Salvers, Democrat, made a speech more temperate and Senator Jones, Republican, replied in defense of the governor. The matter was sent to committee on rules which was equally divided.

Senator Deboe, Republican, denounced the statements of Senator Bronston as false and untrue, and Bronston made a demonstration which resulted in a wild scene, but nothing more.

When order was restored the clerk was directed to call the roll. The attendance showed the presence of 128 members. The absence of Dunlap precluded the possibility of an election. The Republicans followed the lead of Senator Bennett and again refrained from voting.

#### STRUCK GAS.

An Explosion Follows and Five People Were Seriously Injured.

CINCINNATI, March 14.—A 10 blow alarm called the fire department at 120 p. m. Friday to Rheinstrom Brothers' distillery, at Martin, Pearl and East Front streets. Three expert well diggers of the Bradford Well company were sinking a well in the rear of the establishment and had reached a depth of 150 feet when a vein of gas was struck. The natural gas rushed out and, communicating with the boiler room, caught fire. A fearful explosion followed, doing damage to the plant estimated at \$2,000.

Erasmus Weaver of 1327 Thirteenth street, Newport; James Allen of 20 State street and Engineer Kiefer were at work on the well when the natural gas shot upward and into the distillery boiler room, igniting and causing the explosion. Weaver was badly burned about the face and neck, but not dangerously. Allen and Kiefer were hurt slightly. Herman Wiekling of 1750 Fifth avenue and Harry Layfield, two employees of the distillery, who were in the yard near the well, were also severely burned.

#### You & Girl Badly Burned.

CINCINNATI, March 14.—Lizzie Maurer, aged 16, who lived with her sister, Mrs. Julie Franz, at 2516 West Sixth street, was probably fatally burned Friday morning. She was cleaning one of the rooms, and, stepping in front of the grate, her dress caught fire. Her sister heard the poor girl's screams and ran to her assistance, but nearly all of Lizzie's clothing was burned off when Mr. Franz reached the room. The little's hands were badly burned in trying to extinguish the flames. A physician was called and he found that the unfortunate girl's flesh had been burned from her head to her feet. She can hardly recover.

#### Prison Fire in Oklahoma.

OKLAHOMA, O. T., March 14.—A prison fire raged for three days near Hardesty, Beaver county, doing many thousands of dollars damage to range, stock and buildings. The ranches of James Enfield, John Hutchinson, William A. Houser, L. F. McManis and George Henderson were devastated. Mrs. Carter, who was alone at home, fought the fire for hours, saving her home and most of her husband's stock. She was found lying on the prairie unconscious by her husband on his return home.

#### An Old Lady Burned to Death.

ELKHORN, W. Va., March 14.—Early yesterday morning fire was discovered in the residence of James Hall at Harrisville. Imperfect natural gas connection allowed the house to fill with gas, and it ignited. The flames spread rapidly, completely destroying the house and contents. Hall's aged mother was burned to death before assistance could reach her. The large storehouse and stock of goods owned by Hall were also destroyed. The loss is \$5,000.

#### Fire in Louisville.

LOUISVILLE, March 14.—Fire at 11 o'clock last night destroyed the retail dry goods store of E. B. Nugent, at 304 Fourth avenue, one of the oldest in the city. The loss on stock will be \$125,000, with from \$75,000 to \$100,000 insurance. The building is a 3-story brick structure and valued at \$25,000. The fire started in the basement from a defective heater.

## WAITING IS THE RULE

Large Hopes but Little Business Being Done.

### DUN & COMPANY'S TRADE REVIEW

The Feeling That the Spring of 1896 Ought to Bring Larger Business With Not Suffice to Meet Expenses All the Season If the Larger Business Does Not Come. Features of the Week.

NEW YORK, March 14.—R. G. Dun & Company's weekly review of trade says: Waiting is still the rule. Large hopes but little actual business explains the strength of some markets and the weakness of others. The feeling that the spring of 1896 ought to bring larger business will not suffice to meet expenses all the season if the larger business does not come. It is especially noteworthy that prices of materials have varied quite differently from prices of manufactured products, although in most cases the advance last fall was commenced by extraordinary uplifts of prices for materials. Thus cotton is 27.9 per cent higher than a year ago, but cotton goods average only 10.5 per cent. Wool is but 5.3 per cent higher than a year ago, but woolen goods are on the whole about 4 per cent lower. Pig iron is only 15 per cent higher than a year ago, while finished products of iron and steel average 45 per cent higher. These comparisons are important because they disclose something of the grave dislocation of prices which inadequate consumption and combinations have produced.

The output of pig iron March 1 was 189,583 tons weekly, against 198,579 Feb. 1, but the unsold stocks have risen 69,761 tons during the past month to 17,441 weekly and the unsold stocks of the great steel companies are not included. There is reason to believe that actual consumption is still at least 10 per cent smaller than the production of pig iron, and the price of Bessemer at Pittsburgh has again declined slightly to \$12.10, with exceptionally large sales even below that figure. Prices of finished products are not notably lower, although all markets are weak in tone. The industry is waiting for a larger demand, which it is hoped may soon come to clear away the accumulation of surplus stocks. Of the minor metals, copper is in moderate demand at 11.75 cents and there is more movement in tin at 34.4 cents, while lead is slightly weaker at 3.15 cents. Tin plates are weak, in part because of the little demand, but American Bessemer I. C. 14x20 full weight are quoted at 3.75 against 3.85 for similar foreign brands. Aluminum rolling ingots are now offered at 6 cents per pound in ton lots, the harnessing of Niagara having already reduced the cost of this metal for the world.

Cotton goods sell but slowly notwithstanding recent reductions in price and the enormous accumulation of unsold stocks causes apprehension in many quarters. In woollens the demand is very largely for low grade goods and fierce competition affects the prices of the better grades materially. In clay worsteds the manufacture has been so far overdue that stoppage of some most important works is considered not improbable. The great need of a more effective law to prevent undervaluation of imports is now realized by all parties, and one has been unanimously recommended by the committee. Sales of wool at the three chief markets are smallest in five years and for two weeks have been only 6,683,900 pounds, of which 3,399,200 were domestic, against 9,541,500 last year, of which 5,180,800 were domestic, and 12,017,676 in 1892, of which 8,369,425 were domestic. Prices are still maintained, with decrease in Australian supplies.

The market for wheat is weaker, with no better reason than the government report of wheat in farmers' hands, which is altogether out of keeping with the government estimate a year ago, and yet is probably more nearly correct. Western receipts still exceed last year's and for two weeks have been 4,567,392 bushels, against 3,636,715 last year, while Atlantic exports, flour included this week, a little smaller than a year ago, have been for two weeks 2,921,097 bushels, against 4,510,152 last year.

Corn is a shade firmer, without apparent reason, and cotton maintained a sixteenth although the prospect of yield this year is at least as good as it has been at any time.

Failures for the week have been \$2,911,775, against \$1,683,052 last year, and \$1,276,292 in 1894. Manufacturing were \$896,915, against \$785,296 last year and trading were \$2,005,560, against \$897,536 last year.

Failures for the week have been 500 in the United States, against 265 last year, and 60 in Canada, against 57 last year.

#### FIRST DEGREE MURDER.

An Aged Couple Were Killed and Their House Fired Ten Years Ago.

XENIA, O., March 14.—The jury in the famous Morris murder trial returned a verdict of murder in the first degree after being out 10 hours. The verdict gives general satisfaction. The man, just closed, was for the murder of Mrs. Donther, which occurred 10 years ago on a farm near here. When old man and Mrs. Donther were murdered and the house burned to the ground Morris was tried for the murder of Donther and acquitted in 1886.

The story of the crime is an interesting one. Charles Morris, who had formerly worked for Donther, was suspected, arrested and tried, but acquitted. Several years later Morris was sent to the state prison for another

offense, and a few days ago, when very sick and thinking he was going to die, he confessed that he killed Farmer Donther and wife. The recovered, however, and his release had to prove that alleged confession was made in delirium. A stockholder, however, identified money found in Morris' possession after the murder as having been paid by him to Donther for stock.

#### FATAL FLAMES.

Two Persons Cremated in a Burning Building.

BATAVIA, O., March 14.—A fearful conflagration occurred yesterday morning at Batavia, eight miles from Batavia, in which an old man and a girl lost their lives, and the latter's mother was seriously injured. The house was the story back residence of Valentine Mashbacker, a wealthy farmer, and the victims were his daughter, Teenie, 15, and an old man named Isler, 74, a veteran soldier, who made his home with the Mashbackers.

The fire, it is believed, was the work of an incendiary, as the flames, when discovered, appeared in several different parts of the house at once. The victims occupied apartments on the upper floor, escape from which had been cut off by the destruction of the staircase.

Mrs. Mashbacker, finding the way to the lower hall intercepted, in her fright, ascended to the attic and leaped from a gable window to the ground, receiving serious injuries in addition to numerous burns.

The house was entirely consumed, with all its contents. Immediately after the conflagration the citizens of the community dispatched messengers for Britton's bloodhounds, which, however, could not be secured, as they are now working in Kentucky.

Mashbacker was implored by his wife to hasten to the rescue of the daughter, but he could not reach the chamber, all avenues being cut off.

#### MACEO'S PROCLAMATION.

General Weyler Arraigned For His Crimes Toward the Cubans.

ST. LOUIS, March 14.—A special to The Republic from New York contains a lengthy proclamation addressed by the Cuban insurgent, General Maceo, to General Weyler. It is dated Feb. 27, and after arraigning the Spanish commander for his crimes and atrocities toward Cubans, says:

"Out of humanity, yielding to the honorable and generous impulses which are identified with both the spirit and the tendency of the revolution, I shall never use reprisals that would be unworthy of the reputation of the liberating army of Cuba. But I nevertheless foresee that such abominable conduct on your part and on that of your men will fall victims, without my being able to prevent it, even though I should punish hundreds of innocent persons."

"For this last reason, since we should only touch combatants, and it is inhuman to make others suffer from its consequences, I invite you to retract your steps if you admit your guilt, or repress these crimes with a heavy hand if they were committed without your consent. At all events take care that no drop of blood be shed outside the battlefield; be merciful to the many unfortunate peaceful citizens. In so doing you will maintain in honorable emulation our conduct and our proceedings."

#### DIVISION OF SENTIMENT.

Conference of the Silver Democrats Held at Cleveland, Ohio.

CLEVELAND, March 14.—Forty of the 88 counties of Ohio were represented at a conference at the Hollenden last night of the silver Democrats of the state. The meeting was a long and hot one. At first it was proposed to work in union for the following delegates at large from Ohio to the Chicago convention: L. Holden of Cleveland, Allen W. Thurman of Columbus, Hon. George W. Moore of Stark county and General E. B. Finley of Bucyrus.

There was a division of sentiment and a hot debate, ending in the defeat of this proposition and the determination to stand for principles instead of men. It was decided to use every effort to send enough silver delegates to the state convention to carry that body, thus insuring a silver delegation to Chicago. Before adjournment a formal state organization was formed with General Finley as chairman. The four gentlemen named will undoubtedly be the silver candidates in the state convention for delegates at large.

#### Increased Cotton Acreage.

NASHVILLE, March 14.—The Southern Trade Review has answers from correspondents in all the cotton growing states as to the probable increase in cotton acreage in the present year. Reports from Texas estimate an increase from 10 to 30 per cent. Memphis correspondents say if the present decline in the price of cotton continues there will be no increase. Vicksburg reports a probable increase from 5 to 10 per cent. Montgomery says the general impression is that the acreage will be largely increased. Savannah says the increase in Georgia will be 12 or 15 per cent. South Carolina reports no probable increase.

#### Poison in Their Coffee.

MOUNT CITY, Ills., March 14.—Dill Taylor, Robert Taylor and wife and another son and daughter of Dill Taylor, living near Craig, 10 miles from here, were poisoned from drinking coffee. Last night Dill Taylor died and the others are expected to die at any time. Two younger children drank milk instead of coffee and are not sick. The coffee grounds were thrown into the slop and seven hogs died from eating it.

## ORATORIAL CONTEST

Depauw University Carries Off the First Honor.

### AN INDIAN GIRL WAS SECOND.

During the Exercises a Riot Occurs Between the Students and Three of Them Are Badly Injured. Wreck on the Wabasha Railroad Justice Meted Out by White Caps—Other State News.

INDIANAPOLIS, March 14.—Depauw university carried off the honors of the 22d annual oratorical contest between representatives of Indiana colleges last night. Hanover, Depauw, Wabash, Earlham, Butler and Franklin were represented. T. N. Ewing of Depauw was given first prize, with Gertrude Simmons of Earlham a close second. Miss Simmons is a full blood Sioux Indian. The judges were Judge Woods of the United States circuit court, ex-Congressman Ryan and Governor Claude Matthews.

During the evening there was something of a riot among the students during which three were injured and a number of chairs were broken. During the exercises and while the immense crowd was waiting for a decision from the judges, Butler students lowered from the proscenium arch an immense umbrella covered with their colors. This was flung in the faces of the other colleges for a few moments and the rope supporting it broke, letting it fall to the stage.

One hundred students from Earlham were seated near the stage and made a rush for the umbrella. Butler, 200 strong, was seated back of the center, and with a wild yell arose as one man and started across the seats and heads of those in front of them after Earlham. The two colleges came together in the midst of the hall and fighting began, but the police officers rushed in and separated the combatants. Three students were badly hurt by being thrown against the chairs and the umbrella was torn to pieces. Wild tumult reigned in the hall for several minutes and the excitement continued the rest of the night among the students.

#### SEVERAL PEOPLE HURT.

Serious Wreck on the Wabasha Railroad Near Centre Point, Ind.

BRAZIL, Ind., March 14.—While endeavoring to make a running switch at Centre Point yesterday a serious wreck occurred on the Centre Point branch of the Wabasha. The rear end of the passenger train was lost control of and collided with a car containing about 100 miners.

William May, Mitchell Ginn and William Lucas, three miners of Asherville, were seriously injured. Sheriff John R. Payne of this city had one ear torn off and sustained serious injuries about the chest and back.

Baggage-master Harley Henderson was hurt about the head, and Conductor William Kennedy had a leg mangled and broken while trying to check the train. A peddler named Isaac of Terre Haute suffered a broken leg and other injuries. A special train with surgeons on board was immediately sent out and the injured men brought to this city.

#### ROUGH-AND-TUMBLE FIGHT.

One Man Is Fatally Hurt and His Brother Seriously Injured.

LAUREL, Ind., March 14.—Joseph, Jonathan and Emanuel Vanatta, while returning homeward from this place, where they had drunk freely, stopped at the residence of George and Albert Straight, two miles west of here, in the stone quarries, where a general light rock place, which will probably result in the death of Albert Straight.

He received several knife thrusts, besides which one side of his head was crushed with a stone hammer. George Straight was also badly beaten with the same weapon, but he may recover. It is said that the house looked like a slaughter-pen after the battle was over. Warrants have been issued for the arrest of the belligerent Vanattas.

#### Whipped by White Caps.

MICHIGAN, Ind., March 14.—Willis Hollis, an ex-convict, while drunk quarreled with his wife and beat her unmercifully. He then took the furniture from the house and, saturating it with coal oil, burned it in the street. He was arrested and placed in jail, where he was kept until a late hour. Soon after his release he was dragged from his house by White Caps, taken to a neighboring woods, where a rope was placed around his neck and he was strung up to a tree and soundly whipped. After promising to do better he was released and allowed to return home. He is in a critical condition.

#### Change in the Prohibition Ticket.

INDIANAPOLIS, March 14.—The Rev. G. Shouse of Terre Haute, who was nominated by the Prohibitionists for governor, has declined to make the race. It was decided by the executive committee that J. G. Kingsbury of this city, the candidate for lieutenant governor, shall be advanced to the candidacy for governor. Rev. Shouse will continue to work for the success of the ticket.

WISCONSIN, Ind., March 14.—The third and last saloon closed its doors here yesterday, being brought about by remonstrators acting under the Nicholson law. A quart shop was operated here a few months, and failed. The room was rented by church people, who hold snippers therein for charitable purposes.

## EVENING BULLETIN.

DAILY EXCEPT SUNDAY.

ROSSER & MCCARTHY,  
Proprietors

SUBSCRIPTION PRICES OF DAILY.  
One month.....\$1.00  
Six months.....\$5.00  
One year.....\$9.00  
SATURDAY, MARCH 14, 1896.

### THE WEATHER.

Fair weather, slightly warmer, winds becoming southerly.

OUT of 125 delegates chosen so far to the Republican National convention sixty-one are instructed for the Ohio candidate. If any have been instructed for Governor Bradley, the fact has not been noted.

ASHBY DEERING, son of Rev. John R. Deering, of the Methodist Church, South, has made an extraordinary success as a journalist. Less than two years ago he entered the service of the Cincinnati Tribune, was promoted to a position on the New York World, and then was put in charge of one of the up-town offices of that great paper.

FIRST BAPTIST CHURCH—Usual services to-morrow. Preaching at 10:30 a. m. and 7 p. m. Sunday school 9:15 a. m. The Young People's meeting is to be addressed by Mr. Ulrich, of Cleveland, O., on "Christian Work" at 6 p. m. Christians may learn from him of some ways in which they may be useful to the cause of Christ. All cordially invited.  
I. P. TROTTER.

FLEMINGSBURG Times-Democrat: "Robert Wilson and wife came up from Maysville Tuesday afternoon to take up their abode in our city, having rented rooms at the residence of Mrs. Alice Glascock. We welcome them and hope they may be pleased with their new home. Mr. Wilson is a native of this county, having been born on the Crain farm, at what is now the village of Crains, but lived most of his life near Bethel, Bath County, where he owns two farms."

### River News.

The new and Kanawha rivers are rising. The Stanley will pass down to-morrow from the Kanawha.

The Bonanza for Pomeroy and Hudson for Pittsburgh will pass up to-night.

The Stanley's weekly trips up the Kanawha river are very successful and her last trip was the largest since she commenced this new departure.

Cincinnati Enquirer: "A working model of Captain W. W. Thomas's new wheel for side-wheel steamers is on exhibition in 'Squire Williams' court in Ludlow. There are two wheels placed tandem, upon which a cable runs. To this cable is attached buckets, of which there are always four in the water. The claim made by the inventor is that more resistance is offered by the four buckets than the small part of the present paddle wheel on a side-wheel steamer. Thomas claims a speed of twenty miles per hour up stream."

### JACKSON AND WALLING.

Will the Ft. Thomas Murderers Be Brought to Maysville For Safe Keeping?

A rumor was current on the street this morning that Jackson and Walling, the Ft. Thomas murderers, would be brought to the Maysville jail for safe keeping.

Judge Buchwalter, of Cincinnati, a week ago to-day ordered them turned over to the authorities of Campbell County, but a stay of proceedings for one week was granted the accused. Unless they secure further delay on some technicality, they will be transferred to Newport to-day.

The jail at Newport is a rickety old building, and it is feared a mob would attempt to wreak summary vengeance on the two prisoners if they should be left at that point.

The rumor that they would be brought to Maysville probably grew out of some remarks made by an official of Covington who was here yesterday with Detective Fitzgerald. This official says Maysville is convenient and easy of access from Newport, and the jail here is one of the best. He thought the prisoners would likely be sent here, if it should be deemed best to send them out of Campbell County.

### The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations."

Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for fifty years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." Try this Ideal Cough Remedy now. Trial bottles free at J. J. Wood's drug store.

### A HIGH-TARIFF CANARD.

The New York "Press" Figures on the Wool Trade Analyzed—Utterly Unreliable.

Boston, March 12.—The New York Press of Sunday printed with much display a table showing "How the Woolen Mills Have Been Hit" in New England by the Wilson tariff, its recapitulation for Connecticut, Massachusetts and Rhode Island showing fourteen mills out of thirty-two mills shut down, 7,500 operators "practically idle," annual loss of wages \$2,425,000, etc. The showing has attracted some attention here.

But so good an authority as Frank P. Bennett, editor of the Cotton and Wool Reporter, says that the figures of the Press are of no account, for there are about 1,600 woolen mills in New England and the proportion named in the Press is too small to be worth anything for comparison. Furthermore the Reporter has information from some of the places in question, proving that the article in the Press is utterly unreliable.

It is true, he says, that it is a hard time for some New England woolen mills, but others are prosperous to a high degree. The Arlington Mills have just had their capital increased by act of the Legislature for the sake of building a new mill, and the Washington Mills are having some weaving done for them in Pittsfield because they are too much driven to do it for themselves. Besides this, says Mr. Bennett, the condition of the woolen manufacturers in general is not due to the tariff, or to free wool, but to the conditions of trade, which bears on all business alike.

### Ninety Per Cent

Of all the people need to take a course of Hood's Sarsaparilla at this season to prevent that run-down and debilitated condition which invites disease. The money invested in half a dozen bottles of Hood's Sarsaparilla will come back with large returns in the health and vigor of body and strength of nerves.

Hood's Pills cure all liver ills, biliousness, jaundice, indigestion, sick headache.

PREACHING at Central Presbyterian Church to-morrow morning and evening. Sunday school at 9:15 a. m. and 6 p. m. All invited and made welcome.

W. O. COCHRANE, Pastor.

COMMUNION services at the Christian Church to-morrow at 10:45 a. m., after which some matters of importance will be presented to the congregation for consideration. A full attendance is urged. At 7:15 p. m., Rev. Charles Allen Thomas, of Lexington, will preach. The public cordially invited.

VANBURG SUN: "The Democratic friends of Hon. Geo. T. Halbert in this section of the Ninth Congressional district this week present his name and urge him to become a candidate for delegate to the National Democratic convention. Mr. Halbert is an able man and would no doubt act with zeal and integrity in this capacity, and we hope he may be granted the honors of the position."

VANBURG SUN: "Mr. S. B. Chunn, of the firm of S. B. Chunn & Co., contractors, Maysville, after quite a lengthy stay at his home, has returned and will push the contract on the church building to a close as rapidly as possible. Mr. Chunn has made many friends during his stay among us and the quality of work done on this building has won the plaudits of every resident."

The seventh chess game of the series between Kemeny and Showalter, for the championship of the United States, was concluded Thursday after a total of nine hours' play. Showalter won in 65 moves. The game stands: Showalter 4; Kemeny 2; drawn 1. The next game will be played Monday, a change having been made in the schedule in order to allow Showalter to play in the international cable match at Brooklyn to-day.

L. L. HAWES, formerly of Minerva, is the Secretary and one of the incorporators of a new bank at Ft. Worth, Texas. The new bank starts out with a capital stock of \$30,000. A. D. Goodenough is President and L. B. Imboden General Manager. The Financial Times says: "These gentlemen are all men of high business and financial standing, who would never allow themselves to be associated with any enterprise that was not thoroughly sound and reliable."

SEEMS as if consumption always picks out the brightest and best. Fully one-sixth of all the deaths that occur in the world are caused by consumption. Many things were once considered impossible. It would be strange if medical science did not make some progress. The telegraph and telephone, the photograph, the electric light—all were once impossible, and once it was impossible to cure consumption. This was before the time of Dr. Pierce's Golden Medical Discovery. Taken according to directions, this standard remedy will cure 98 per cent. of all cases of consumption. Consumption is caused and fostered by impurity in the blood. It is cured by purity and richness in the blood—surely, certainly cured by the "Medical Discovery." It builds up solid healthy flesh and vigorous strength.

Dr. Pierce's Common Sense Medical Adviser, a 1008 page medical work, profusely illustrated, will be sent free on receipt of 21 one-cent stamps to cover postage only. Address, World's Dispensary Medical Association, Buffalo, N. Y.

## Spring Medicine

Your blood in Spring is almost certain to be full of impurities—the accumulation of the winter months. Bad ventilation of sleeping rooms, impure air in dwellings, factories and shops, over-eating, heavy, improper foods, failure of the kidneys and liver properly to do extra work thus thrust upon them, are the prime causes of this condition. It is of the utmost importance that you

## Purify Your Blood

Now, as when warmer weather comes and the tonic effect of cold bracing air is gone, your weak, thin, impure blood will not furnish necessary strength. That tired feeling, loss of appetite, will open the way for serious disease, ruined health, or breaking out of humors and impurities. To make pure, rich, red blood Hood's Sarsaparilla stands unequalled. Thousands testify to its merits. Millions take it as their Spring Medicine. Get Hood's, because

## Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Prepared only by C. I. Hood & Co., Lowell, Mass.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

### HE MAY DIE.

James McHenry, Cook on the Silver Wave, Stabbed and in a Critical Condition.

[Cincinnati Tribune, March 13th.]

James McHenry, aged thirty-one, a cook on the steamer Silver Wave, was seriously cut last night by William Gray, colored. Shortly after the landing of the Silver Wave at the dry docks yesterday, McHenry and Gray, who is the watchman on the boat, began quarreling about some trivial matter. The men parted with bad feeling, McHenry going up town.

Shortly after midnight he returned to the boat and met Gray, who had evidently been awaiting him. Gray set upon McHenry and stabbed him three times in the back with a knife, and once in the neck, nearly severing his jugular. A patrol wagon was sent for and took McHenry to the hospital, where his condition is pronounced critical.

Sergeant Messerschmidt arrested Gray and locked him up at Fulton Police Station, charging him with intent to kill.

If in need of plow harness, it will pay you to call on Klipp & Brown.

### THE MUTUAL LIFE INSURANCE

COMPANY OF NEW YORK

RICHARD A. MCCURDY PRESIDENT

#### STATEMENT

For the year ending December 31 1895

Assets	\$221,213,721 33
Liabilities	194,347,157 58
Surplus	\$26,866,563 75
Total Income	\$48,597,430 51
Total Paid Policy-holders in 1895	\$23,126,728 45
Insurance and Annuities in force	\$499,074,453 78
Net gain in 1895	\$61,047,043 36

NOTE—Insurance merely written is discarded from this Statement as wholly misleading, and only insurance actually issued and paid for in cash is included.

I have carefully examined the foregoing Statement and find the same to be correct.  
CHARLES A. PRELLER Auditor

From the Surplus a dividend will be apportioned as usual.

Report of the Examining Committee  
Office of the Mutual Life Insurance Company of New York

February 11, 1896

At a meeting of the Board of Trustees of this Company, held on the 18th day of December last, the undersigned were appointed a Committee to examine the annual statement for the year ending December 31, 1895, and to verify the same by comparison with the assets of the Company.

The Committee have carefully performed the duty assigned to them, and hereby certify that the statement is in all particulars correct and that the assets specified therein are in possession of the Company.

In making this certificate the Committee bear testimony to the high character of the investments of the Company and express their approval of the system, order, and accuracy with which the accounts and vouchers have been kept, and the business in general transacted.

## D. HUNT & SON.

Lace Curtains are now of special interest. Our new ones have arrived and everyone says they are the handsomest designs we ever had. We want all prospective Curtain buyers to see them before the choicest are gone. You can buy a neat pair for \$1, very pretty ones for \$1.25 and real beauties at \$2.50.

About Mattings.—The best Eastern agents came to us and we bought the choicest numbers of their collection. And then we have a man to put them down who knows just how. We have the new shades of green and blue. Red of course has a place in the collection and a big variety of the popular tan combinations. The prices are exactly right, beginning with 10 and 12, ending with 37, beside all the intermediate numbers.

Carpets.—They're buying. Time is here, and the dollars saved for new carpets should go where they will do most good. There is lots of trash sold under the guise of good carpets nowadays and the buyer is none the wiser until the wear begins. We don't insult your intelligence by showing cotton mixtures for all wool. Won't you let us prove to you how competent we are to sell you good carpetings?

Gold Belts—those pretty ones you hear so much about. Have them in several styles. Wear one with an old dress and it will tone it up wonderfully, or put it on with a new gown and you are in the height of fashion. The supply won't linger long when we say they are priced at 25c.

Ribbons.—If you are ready to start spring dressmaking we are also ready with the proper trimmings. The new printed warp ribbons, Orientals and a half dozen other styles compete for your attention, and there's all the more reason for your giving it when prices run like these: Warp Prints, 25, Orientals, 35, Plaids, 50c.

Dress Garnitures are open and the newest spring trimmings can be seen as early as you wish. Not a hint of their beauty here, only it is safe to say they will surprise you. Come early. The showing costs you nothing and is a pleasure to us. The procession starts with pretty trimming for 10 a yard.

Lace Collars.—Stylish and new and marked for quick selling. They will make the old waists do for many a week and save their cost in the economy. We offer beauties for 75c.

## The Best Dollar

LASTS LONGEST, AND WE GIVE THE BEST DOLLAR'S WORTH . . . . .

### OUR CHINA AND QUEENSWARE

Are guaranteed to be precisely as represented; the dollars paid for it last because the goods last. We are making special drives on Chamber Sets this week. Call in.

—Mrs. Perry Jefferson, of near Millersburg, has been spending the week with her sister, Mrs. Jos. F. Perrie.

Mr. W. P. Fishback, of Lexington, special agent of the Fireman's Fund Insurance Company, was here yesterday in the interest of his company.

## HAWKINS' MURDERER.

Some Strong Circumstantial Evidence Against the Negro William Jackson.

The examining trial of William Jackson, the negro arrested on suspicion of killing Thomas J. Hawkins at Flemingsburg, will probably come off to-day.

From a gentleman who was at Flemingsburg Thursday it is learned that there is strong circumstantial evidence against Jackson, and many believe he is the one who fired the fatal shot. He has a very bad reputation, and was suspected as soon as it became known that a thief had done the shooting.

After his arrest, officers went to his home and asked his wife if he owned a pistol. She replied that he did not. A little child of the couple who was standing near spoke up at this point and said, "Yes he has, Mister. He's got two, and they're under the bed."

A search was made, and sure enough two pistols were found hidden under a mattress, with some meat, potatoes and other vegetables.

One of the pistols was of .32 calibre and contained two empty shells.

At the time of the shooting six shots in all were fired, two by Hawkins and two by his companion Jacobs, showing that the murderer shot twice.

The ball that killed Hawkins struck him under the shoulder and ranged down and across through the body. The yard being level, this proves that the ball came from the man on the roof.

No faith is put in the talk that the shooting was accidental, done by Hawkins' companion in the excitement and darkness. In his dying statement Hawkins says he saw the man on the roof.

In addition to the circumstantial evidence against Jackson mentioned above, the work of the bloodhounds points to him. They took the trail on the roof, followed it to a small shed adjoining, thence to the ground and back to the alley; then through this to the Tilton pike; out the pike a short distance, then across to the Elizaville pike, and around to the watergap near the Pearce residence. Here one of the dogs broke through the ice, and came near drowning. A crowd of 1,000 people soon gathered around, and the dogs quit.

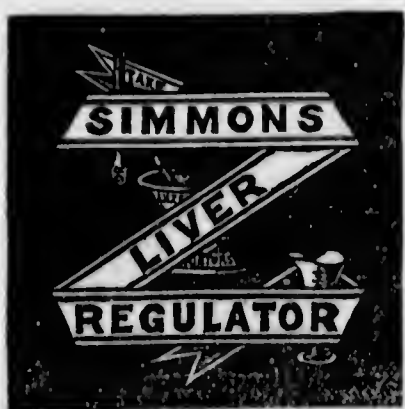

But on going up town past the jail the dogs suddenly took a fresh scent and ran to the jail and reared up on the door to the building. Jackson had been taken into the jail some hours before.

A gentleman who assisted Mr. Britton in handling the dogs believes the evidence all points to Jackson as the guilty party.

### Best of All.

To cleanse the system in a gentle and truly beneficial manner, when the spring-time comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and costs only 50 cents; the large size \$1. Buy the genuine. Manufactured by the California Fig Syrup Company only, and for sale by all druggists.

Rev. A. P. Jones closed, on the night of the 10th inst., an interesting meeting of two weeks duration in the M. E. Church, South, at Sardis. Rev. Jones' knowledge of the scriptures, his earnestness and zeal for the truth and his command of language made his addresses always a rich spiritual feast in each of the discourses with which he favored the people. The auditors could not fail to perceive a practical exhibition of the faith and ethics, the doctrines and duties of Christianity. The music was very fine, conducted by Prof. Hockenberry, with Miss Nettie Grover as organist.

## THE BEST SPRING MEDICINE

is SIMMONS LIVER REGULATOR. Don't forget to take it. Now is the time you need it most to wake up your liver. A sluggish liver brings on Malaria, Fever and Ague, Rheumatism, and many other ills which shatter the constitution and wreck health. Don't forget the word REGULATOR. It is SIMMONS LIVER REGULATOR you want. The word REGULATOR distinguishes it from all other remedies. And, besides this, SIMMONS LIVER REGULATOR is a Regulator of the liver, keeps it properly at work, that your system may be kept in good condition.

**FOR THE BLOOD** take SIMMONS LIVER REGULATOR. It is the best blood purifier and corrector. Try it and note the difference. Look for the RED Z on every package. You won't find it on any other medicine, and there is no other liver remedy like SIMMONS LIVER REGULATOR—the King of Liver Remedies. Be sure you get it.

J. H. Zeilin & Co., Philadelphia, Pa.

## FIRE INSURANCE.—Duley & Baldwin.

For a good collar see Klipp & Brown

Imperial Toilet Cream at Armstrong's.

The new Christian Church at Vanceburg will be completed some time next month.

A. J. STILES has qualified as administrator of the late William Thackston, of Millersburg.

MR. H. B. DAUGHERTY, of the Central, continues to improve, and is able to go about the house now.

CONGRESSMAN PUGH has introduced a bill pensioning James Littleton, of Carter County, at \$20 a month.

B. LONGNECKER & Co. will sell some Jersey cows in the town of Mayslick Saturday, March 21st, at 1:30 p. m.

Four cans tomatoes, 25 cents; three cans best corn, 25 cents; one can best California fruit, 15 cents.—Calhoun's.

MR. W. H. WADSWORTH was among the attorneys at Paris Thursday to pay a last tribute to the late George C. Lockhart.

JERRY McGLOVE, aged fourteen, of Fleming, shot one of his arms so badly while hunting that it had to be taken off.

A FULL line of chamois, sponges, dusters, fancy and toilet articles at Ray's P. O. Drugstore. Prescriptions a specialty.

Try Chenoweth's Cream Lotion for chapped hands and faces. It is not sticky or greasy; excellent to use after shaving.

REV. VICTOR W. DORRIS, of the Nicholasville Christian Church, has closed a meeting at Angola, Ind., that resulted in over 130 additions.

The Ministers Union of the city of Maysville will meet next Monday afternoon in the study of Rev. J. S. Hays, D. D., at Flayswood.

The bill appropriating \$100,000 to erect two houses of reform has gotten through the Legislature and now goes to the Governor for his approval.

For lace curtains, lace collars, dress garnitures, ribbons, gold belts, carpets, matting and anything else in the dry goods line, go to D. Hunt & Son.

It is settled that Arthur Van Winkle, the crack third baseman of last year's Maysville champions, will be a member of Centre College ball team this year.

MR. J. Y. DEAN, late of Hillsboro, O., has taken up his residence in Professor Rowland's dwelling in Sixth ward, and will engage in the poultry business on Wall street.

The late V. O. Pinckard, of Cincinnati, at one time a resident of Maysville, left an estate of \$10,000. All of this was bequeathed to his wife except \$300,—\$200 to his daughter, Mrs. R. M. King, and \$100 to his son Charles.

The earnings of the L. and N. the first week of March were \$366,420, an increase of \$3,790 compared with the first week in 1895. From July 1st to March 7th the earnings were \$14,370,933, an increase of \$854,388, compared with the corresponding period the previous year.

The books of the Limestone Building Association are now open for subscriptions to the fourteenth series. Take stock in a good 6 1/2 per cent. investment. This is an easy way to buy a home and stop paying rent. Call on H. C. Sharp, James E. Threlkeld or any of the directors.

CONGRESSMAN PUGH has succeeded in getting through a bill granting a pension to Mrs. Carrie Harn, formerly of this city but now of Flemingsburg, of \$17 per month from August, 1865, and \$2 per month from same date for minor her claim, aggregating in all over \$3,200. Mrs. Harn is the wife of Mr. E. A. Harn, owner of the Flemingsburg bus line.

REV. CHAS. ALLEN THOMAS' lecture at the Christian Church last night was highly instructive and entertaining. He is a fluent and very eloquent speaker, and the lecture abounded with pictures of "Wonderland, or the Islands of the Pacific," painted in beautiful language. Mr. Thomas is a young man of fine presence, and his voice and manner remind one frequently of the eloquent ex-Gov. Bob Taylor. His lecture was well attended and all were delighted. He will preach at the Christian Church tomorrow night. Subject, "Grapes of Eschol."

### It May Do As Much For You.

Mr. Fred Miller, of Irving, Ill., writes that he had a severe kidney trouble for many years, with severe pains in his back and also that his bladder was affected. He tried many so-called kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted to cure of all kidney and liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. At J. James Wood's drug store.

## THAT MURPHYSVILLE SHOOTING.

Garrett's Examining Trial Set For 10 a. m. Monday—Captured Near Falmouth.

Detective Fitzgerald arrived on the F. V. yesterday with Albert Garrett, who shot and dangerously wounded John Garrett near Murphysville some days ago. The accused was at once taken before Squire Bramel. Neither side was ready to enter upon a preliminary trial, and by agreement the case was set for 10 a. m. Monday, and Garrett was committed to jail, to await the hearing.

Detective Fitzgerald had but little trouble in apprehending Garrett. He received a description of his man Thursday morning, sent him by Squire Bramel, with word that the accused could probably be found at Falmouth. Captain Fitzgerald with Sergeant Sanford, of Covington, went to Falmouth that afternoon, and that evening Garrett was captured. He was found at a house about half a mile from town. His wife was with him, and came back to Maysville with the party.

The reward of \$100 offered by the State will probably be divided between Capt. Fitzgerald and Marshal Dickerson of Falmouth who assisted in the work at that point.

John Garrett, the man who was shot, is getting along very well, and will probably be able to be present at the hearing Monday.

The accused will set up a plea of self defense.

Fresh can and bulk oysters, lake and river fish, daily at John O'Keefe's.

COL. W. LARUE THOMAS, Grand Master of the Grand Commandery of the United States, K. T., who has been sick with sciatica several weeks, is somewhat improved.

SERVICES in the First Presbyterian tomorrow morning and night at the usual hours, conducted by the pastor, Rev. John S. Hays, D. D. Church Sabbath school in the German Church at 2:30 p. m. Westminster Society of Christian Endeavor at 6:15 p. m.

### Fifty Horses Wanted.

Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Bro.'s stable, Maysville, Ky., Monday, March 16th, 1896, and will pay the highest market prices for good, sound horses or mares from four to six years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

It has been asked why a city is called "she." The answer seems an easy one. There is always more or less "distle" about a city. Besides, a city has "outskirts," and a "he" could not under any circumstance have "skirts" of any kind.

#### CHEAP RAILROAD FARES.

One Cent The Round Trip for Number of National Gatherings.

St. Louis, March 14.—General passenger agents of the southwestern passenger committee lines met here yesterday, transacted considerable business and then adjourned. The next meeting will be held in Hot Springs, Ark., on April 7.

One fare for the round trip, as agreed upon by all other associations to the Republican and Populist national conventions in St. Louis and the Democratic national convention in Chicago, and the Prohibition convention in Pittsburg, was also granted by this association. One fare for the round trip, plus \$2, was decided upon for the National Educational society in Buffalo. For the southern Baptists' conference at Chattanooga, in May, one fare for the round trip will be effective.

It was decided to grant one fare and one-third for the round trip on the certificate plan for the following meetings: Woman's board of missions of the Cumberland Presbyterian church at Memphis in May; general assembly of the Cumberland Presbyterian church at Birmingham, Ala., and the general conference of the African Methodist Episcopal church at Wilmington, N. C.

The fare for the round trip to the national encampment of the G. A. R. at St. Paul was granted from all Texas points.

#### G. A. R. ENCAMPMENT.

It will be held in St. Paul on the Original Date.

St. Paul, March 14.—The date of holding the 30th national encampment of the Grand Army of the Republic will not be changed. The original date was the first week in September and that will be adhered to.

The rumor of a change of date for the encampment was started during General Walker's visit to St. Paul early this week. The general did not request a change of the date, but simply expressed the opinion that a later date would better accommodate one or two departments, but no change was made or proposed.

#### The One Cent Rate Secured.

Cincinnati, March 14.—The Chicago, Milwaukee and St. Paul road announces that it will grant the rate of 1 cent per mile asked by the executive committee of the G. A. R. for the annual encampment at St. Paul next September. In addition to the 1 cent rate, the Milwaukee road will grant the time limit of 30 days asked by the G. A. R.

#### AFFAIRS IN HAITI.

A Plot to Assassinate the President Discovers and Frustrated.

New York, March 14.—A dispatch to The World from Kingston, Jamaica, says: A movement in Haiti, having for its purpose the assassination of President Hyppolite, has been checked in its incipency. The Jamaican government promises to surrender Manigat, the Haitian revolutionist, who is in refuge here, if it is proved that he was implicated in the conspiracy.

Francisco Campos, a native of Madrid, has been arrested here on a charge of attempting to poison his Cuban wife and carry off their offspring to Cuba. The Cuban colony here would have lynched him but for the protection of the police.

#### FOR THE FARMERS.

##### Suggestions as to How to Get Rid of the Pestiferous Little Cut Worms.

Prof. Garman, of the Kentucky Experimental Station, has issued a bulletin that is of much interest. For the benefit of those who have not received the bulletins we present the following summary of Prof. Garman's suggestions as prepared by the Russellville Ledger, regarding the best way to get rid of cut worms:

"After calling attention to the fact that moths deposit their eggs upon grass weeds, etc., late in the fall, he says early fall ploughing prevents them from laying eggs on the grass, weeds and the like when turned under. Farmers have often observed that ground ploughed in the fall is never bothered with this worm like that ploughed in the spring. They have usually, we think, believed these eggs were in the ground and freezing had much to do with killing them out. This is not the case, but does cause starvation more or less among those hatched from eggs deposited before the ploughing took place.

Again, it is suggested that burning over the land before ploughing in the winter or spring will destroy many of the eggs on the grass and weeds. Poisoned bunches of clover or any plant that these worms feed upon placed in many different parts of the field immediately after seed is planted will destroy most of the worms in the soil before the seed comes up. For garden plants cylinders of thick ten-six brown paper six or eight inches high slipped over the plant at night and taken off in the morning will prevent the worm from doing any damage. Professor Garman refers to the blue bird and other birds as the enemies of this worm and calls upon the farmers to look to their own interest by having laws passed to prevent the destruction of such birds."

#### A Mixed Train.

A mixed train that was a mixed train passed over the C. and O. one day this week, says the Portsmouth Times. It was a very long train, and observers noticed as it passed that it was composed of an engine and tender, an express car, a saw mill, two flat cars carrying canon, several coal cars, a dead locomotive, two street cars, open summer cars, one street railroad trailer, two cabooses, one passenger coach and several box cars. The aggregation attracted considerable attention.

#### Six Months For Intimidating a Voter.

Will Johnson, colored, was given six months in the penitentiary by the Bourbon Circuit Court this week, for intimidating a voter. Johnson is one of the men who beat Wes Wilson, colored, for failing to vote the Republican ticket at the November election.

#### LAFAYETTE AND KENTON.

##### A Venerable Citizen of Maysville Who Shook Hands With the Distinguished Frenchman and Saw the Pioneer.

Editor Bulletin: I saw in your paper of March 11, '96, over the signature of Charles Thibault, that Dr. Wall, Jacob Outten and himself had seen General Lafayette and his son when they visited Kentucky in 1824.

I saw in yours or some other paper the statement of a gentleman that he was probably the only person living who had shaken hands with General Lafayette.

I had the honor of shaking hands with him and also with his son.

I will go one better and further back. I have seen Simon Kenton often. He visited my father's house frequently when I was a boy yet I remember his appearance with remarkable distinctness.

The fifty-third annual statement of The Mutual Life Insurance Company of New York has just been issued showing the operations of the company for the year of 1895. The figures speak for themselves and are so extraordinary in their magnitude as to make it worthy of the special consideration not only of those who are insured in this great company but of those who are interested in the progress of this, the greatest of our American financial institutions.

The company paid to the holders of its policies on account of claims by death \$12,239,163.44, and for endowments, annuities, dividends and other payments to living members \$10,887,561.11. It increased its reserve fund, to guarantee the future payment of all claims, from \$182,109,456.14 to \$191,347,555.58, an addition for the year of \$12,237,701.44.

The results for 1895 show increased security and permanent benefits to every member of this great company. These stupendous figures show the hold that the company has upon the confidence of the insuring public and show that it works in constant increasing ratio, the benefits to be derived from the protection offered by this the greatest of all the companies. See statement elsewhere.

When Baby was sick, we gave her Castoria.  
When she was a Child, she cried for Castoria.  
When she became Miss, she clung to Castoria.  
When she had Children, she gave them Castoria.

#### X-RAYS.

##### How They Can Be Produced at Your Own Home.

A scientist of Pittsburg says: "Fold a piece of white paper, of ordinary thickness, into the form of a cone, closing the small end tightly, so as to exclude the light. Place this cone over the globe of an incandescent light, folding the edges around the same in such a manner as to prevent any rays from escaping which do not penetrate the paper.

"Then darken the room as much as possible, excluding all the light save that furnished by the covered globe, and place your hand, with fingers extended, within two or three inches of the latter. The accompanying picture shows the process before the lamp has been entirely enveloped in the small end of the cone.

"After holding it in this position for a minute or a little longer you will be astonished at the result. Not only can the circulation be plainly seen, but even the outlines of the bones will be discernible."

"In the absence of an electric light a common lamp may be used with good results."

#### THE MARKETS.

##### Review of the Grain and Livestock Markets for March 14.

**Pittsburg.**

Any person or persons trespassing in house or on lot belonging to me in Village of Maysick, Mason County, Ky., or parties drawing up articles of agreement paying or collecting rent without my permission is false pretenses. I will prosecute to the extent of the law. The Police Judge, Town Marshal and trustees of said place will see that my property is protected in my absence.

MRS. M. E. HUTCHISON.  
1206 Kirby Avenue, Cincinnati, O.

#### Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

#### BAD TIMES?

Well, we should say so. Those clocks and watches are too badly out of fix to be of any use. They've lost their time entirely. You'll lose your time, too, if you're unprovided with good clocks and watches. We have a full supply of both, all accurate time-keepers and in perfect order. Better watches than ours are not manufactured. Whatever the price of any watch we carry, it's the best of its kind and a full value. Get a timepiece; get the best; get ours.

#### J. BALLENGER,
